#### RATING PERFORMANCE

Rating Scale Descriptions: Please use the following rating scales to evaluate the performance of the employee on Job Responsibilities and Core Competencies. Read the performance expectations for each responsibility and key behaviors for each competency carefully in order to be as precise in your rating as possible. A rating of "3" indicates the employee is meeting the high expectations set by the Center and is valued by the organization.

#### Job Responsibility Rating Scale:

- THIS RATING SHOULD BE RESERVED to indicate a level of performance for this responsibility that 5= is truly unusual in relation to the stated requirements and has substantial impact.
- Indicates performance that significantly and consistently exceeds the stated requirements for this responsibility (e.g., can function more independently than expected, is sought out as a resource by other 4 == staff, can handle unusual situations, develops new approaches or methods, does more than routine workload, takes on more work for own development).
- Indicates performance that consistently meets the stated requirements for this responsibility with the expected amount of supervision, within the established time frames, under routine 3 = circumstances.
- Indicates performance that inconsistently meets the stated requirements for this responsibility. 2 == Improvement in performance is needed and should be monitored as part of the Progressive Discipline
- THIS RATING SHOULD BE RESERVED to indicate a level of performance that significantly fails to meet the stated requirements for this responsibility. The employee should be in one of the warning stages of the Progressive Discipline Process.

#### Competencies Rating Scale:

- THIS RATING SHOULD BE RESERVED to indicate a level of performance for this competency that is truly unusual and demonstrates a new standard for behaviors associated with this competency, and has substantial impact.
- Indicates performance that significantly and consistently exceeds the stated behaviors associated with this competency.
- Indicates performance that consistently demonstrates the stated behaviors associated with this competency.
- Indicates performance that inconsistently demonstrates the behaviors associated with this competency. Improvement in performance is needed and should be monitored as part of the Progressive Discipline
- THIS RATING SHOULD BE RESERVED to indicate a level of performance that significantly fails to demonstrate the stated behaviors associated with this competency. The employee should be in one of the warning stages of the Progressive Discipline Process.
